E-Mail: info@celco.ca

Sizing Your Ice-O-Matic Ice Maker

- Does the existing ice maker meet peak usage during the hottest part of the year?
- What are the various locations or stations in the establishment that will need ice? Will they be serviced from one or multiple ice makers?
- Planning for future growth? If not, consider building in 20% additional capacity on new installations.

Foodservice	Approximate Ice Usage Per Day
Restaurant	1.5 lbs per person
Cocktail	3 lbs per person/seat
Salad Bar	40 lbs per cubic foot
Quick Service	5 oz. per 7- to 10-oz. drink 8 oz. per 12- to 16-oz. drink 12 oz. per 18- to 24-oz. drink
Lodging	Approximate Ice Usage Per Day
Guest Ice	5 lbs per room
Restaurant	1.5 lbs per person
Cocktail	3 lbs per person/seat
Catering	1 lb per person
Healthcare	Approximate Ice Usage Per Day
Patient Ice	10 lbs per bed
Cafeteria	1 lb per person
Convenience Store	Approximate Ice Usage Per Day
Beverage	6 oz. per 12-oz. drink 10 oz. per 20-oz. drink 16 oz. per 32-oz. drink
Cold Plate	50% more ice usage per day
Packaged or Bagged Ice	Weight per bag x number of bags sold per day

Ice-O-Matic Installation Considerations

Allow enough space for:

- The ice maker, bin and water filter
- Air flow

Note: If the ice maker is limited on space, consider a Top Air Discharge unit

Utilities:

- What are the voltage characteristics of the electrical outlet that will be used for this ice maker?
- Is there a floor drain?
- Water source with water shut-off?
- Are the utilities in close proximity to the ice maker location?

Remote installation:

- Is there an outdoor condenser location above the ice maker?
- Easy roof access and penetration?
- Maximum precharged tubing line run considerations?

Note: Ice-O-Matic includes a free sea salt corrosion protectant on cuber remote condensers.

Ask about:

- The 7 year warranty on the evaporator if an Ice-O-Matic water filter is purchased with an Ice-O-Matic Cube ice maker and replaced every 6 months.
- Warranty program.
- Preventative maintenance programs.

***7 year evaporator warranty!** (see page 11 for details)

General Information

Terms and Conditions

- Suggested list prices are F.O.B. Celco, Mississauga, Ontario and are subject to all applicable taxes.
- This price list is effective March 1, 2010 and supersedes all previous price schedules.
- Specifications and prices are subject to change without notice.
- ARI certification is based on 90 degrees air and 70 degrees water.
- All height dimensions of bins and ice makers with built-in storage include the height of the legs or caster where applicable.

Ice Maker Warranty

Every Ice-O-Matic Ice Maker is backed by a warranty that provides both parts and labor coverage.

Cube Ice Makers – ICE Series

- Three years Parts and Labor.
- Five years Parts coverage on the evaporator and the compressor.
- *Seven years Parts and Labor on the evaporator when you purchase an Ice-O-Matic water filter with your cube ice maker and replace the filter every 6 months.*

Flake Ice Makers – EF and MFI Series

- EF Undercounter- Two years Parts and Labor.
- MFI Modular- Three years Parts and Labor.
- EF/MFI- Five years Parts coverage on the compressor.

Pearl Ice® Makers – GEM Series

- Modular- Three years Parts and Labor.
- Countertop Dispenser- Two years Parts and Labor.
- Modular/Dispenser- Five years Parts coverage on the compressor.

Dispensers – CD and IOD Series

- IOD Countertop Dispensers- Two years parts warranty and One year labor warranty.
- CD Hotel Dispensers- Three years Parts and Labor warranty.

Storage Bins- B Series

- Two years Parts and Labor warranty.

Water Filter Manifold Systems

- One year Parts and Labor warranty (excluding cartridges).

Water Filtration System Extended Warranty Program

- Buy a new Ice-O-Matic IFQ Series Water Filtration System with a new ICE Series™ Cube Ice Maker, replace the filter cartridge every 6 months, and Ice-O-Matic will extend the limited cuber evaporator warranty to 7 years parts and labor.
- New ice maker and filter must be installed at the same time.
- Must send in both the ice maker and water filter registration cards within 10 days of installation. Registration card must include the filter serial number(s).
- Must send in additional registration card for each new replacement cartridge installed (replacement cartridges have individual serial numbers). This must be done every 180 days (6 months) or less.
- Program is available with all IFQ1, IFQ2, IFI4, and IFI8 filter systems.
- Replacement cartridge must be an Ice-O-Matic replacement cartridge IOMQ or IOMWFRC (See sizing chart for cartridge requirements).

About Ice-O-Matic

Located in Denver, Colorado, Ice-O-Matic manufactures a wide range of commercial ice making products including cube ice makers, flaked ice makers, storage bins, dispensers and water filters. Since 1952, we have been developing new technologies and programs, such as the introduction of AgION® Antimicrobial Compound in our ICE Series cube ice makers and our extended warranty water filter program, which have resulted in the creation of products that are more efficient for business and safer for the environment.

Ice with a Clear Conscience

Plant-a-Tree Program

As part of our commitment to the global environment, Ice-O-Matic is devoted to sustainability in every aspect of our business. To ultimately offset the carbon footprint of our factory in Denver, we not only use recycled materials in our packaging and manufacturing, but also recycle our industrial and office waste products. More important, we plant a tree for every ice machine we sell to contribute to the reforestation of key regions throughout the world. Our goal is to plant 150,000 trees through our Global Sustainability program. In just a couple of months, we will plant enough trees to offset the entire carbon footprint of our factory, and by the end of our program, we will have planted enough trees to absorb the CO₂ emissions from more than 15 factories like Ice-O-Matic each year. Trees reduce topsoil erosion, prevent harmful land pollutants from getting into our waterways, and replace air pollutants with fresh, clean oxygen.

Now, you can do your part to help the environment when you buy an Ice-O-Matic ice machine.

ENERGY STAR®

Many Ice-O-Matic models have earned an EPA ENERGY STAR® rating. This distinction is recognized by a growing number of states, municipalities, and energy companies in the form of incentives and rebates. To find out if you are eligible for tax credits, visit www.energystar.gov.

Pure Ice Program

1. 7-year Warranty—Utilize Ice-O-Matic water filters and change them every 6 months, and the evaporator warranty is extended to 7 years—the only 7-year warranty in the industry.
2. Filter/Cleaning Reminders—Receive free reminders via mail every 6 months for filter changes to ensure that the warranty is valid.
3. AgION® Antimicrobial Compound—A-naturally-occurring antimicrobial compound is used in materials for greater food safety. AgION—Nature's antimicrobial.

Made In America

Ice-O-Matic ICE Series cubers (except ICEU070), Pearl Ice machines (except GEMD270), flake ice machines, and bins are made in the U.S.A.
